## **10.a - Training programme of Bombay Stock Exchange**

### **Brief Note on Global Financial Markets Programme of BSE**

Department of Commerce had organised a 60 hours training programme titled "Global Financial Markets" under Star Scheme of National Skill Development Corporation, conducted by Bombay Stock Exchange.

Total 60 students of B. Com, BMS and M. Com. were shortlisted based on the interest shown by them. The cost of the programme Rs.10,000/- per student was sponsored by Govt. of India under 'Star Scheme'. The programme started on 28<sup>th</sup> July 2014 and exams were conducted by the BSE on 14<sup>th</sup> September 2014 for the role of Equity Dealer. All 60 students passed the said exam.

### **Outcome:**

Students learned practically about the functioning of financial market. They also understood various options available to pursue careers in the financial market. Interested students were motivated to appear for other various modules offered by Bombay Stock Exchange. Some students decided to appear for the next level exam to explore the career opportunity

## 15a - Aptitude test

2015-16

**MET**

**Introduction**

This report analyses the scores obtained in MET conducted on for the students of SMT MMP Shah College by educational Publishing Pvt. Ltd. at SMT MMP Shah College campus. The test was conducted for four branches viz. B.Com, BMM, B.A., M.Com.

The report is divided into six sections, as follows:

1. The first section compares the average scores of the different branches with the college average score.
2. The second section compares the scores of toppers in each branch.
3. The third section presents the student distribution based on their scores.
4. The fourth section compares the section-wise average scores to the topper in that section. This comparison will help in identifying the improvement areas for the students.
5. The fifth section gives information on number of students scored more than 45% in each of the sections.
6. The last section presents an overall performance of students as against the college average scores. It answers the question "How many students scored above and below college average?"

This table shows short name which we used in graph and table.

Chemistry	CH	Operations	OPR	Logical Reasoning	LR
Situational Analysis	SA	Marketing	MRK	B.Com	B.Com
Data Interpretation	DI	Lateral Thinking	LT	Physics	PH
M.Com	M.Com	Finance	FIN	Computer Science	CO
Numerical Ability	NA	BMM	BMM	Attention to Detail	ATD
Comprehension	COM	LT	LT	Problem Solving	PS
College	College	Verbal Reasoning	VR	Pharmaceuticals	PH
Communication skills	CS	B.A.	B.A.	Non Verbal Reasoning	NVR
English Usage	EU	Microbiology	MB	Time Management	TM

**Branch-wise Student Distribution**

The student distribution across these branches is as follows.

Stream	Students
B.Com	93
BMM	10
B.A.	116
M.Com	2
Total	221

**MET**

**Overall Performance**

The key question "How many students scored above and below college average?" is answered here. To answer this question the following data is used.

**Total Students appeared for test: 221**

**College Average**

College Average: 16%  
Number of Students below college average: 124  
Number of Students above college average: 97

**Expected Average**

Expected Average: 15%  
Number of Students below expected average: 219  
Number of Students above expected average: 2

The median score is 15% for the college, which is on the lower side compared to industry requirements. The reason for low scores could be lack of knowledge or lack of seriousness on student's part.

**Stream-wise average scores comparison**

This section compares the average scores of students across different streams.

The following graph shows that average and median scores of the students from B.Com, streams are more than that of the college.

For B.A., M.Com, the average and median scores are less than that of the college.

- The average score for B.A. stream is 14%
- The average score for B.Com stream is 18%
- The average score for BMM stream is 16%
- The average score for M.Com stream is 14%

15.d - Psychometric testing on Employability Skills

Dear Ma'am,

Greetings from edusharp

edusharp is a Psychometric Assessment organization. We are dedicated to guide students across streams to help them choose job roles that are best suited to their personality.

The Employability Assessment will provide results that will enable the candidate to understand his/her Skills, Competencies and Personality. This will create an awareness of their strengths and areas of improvement, and help the student to plan the necessary courses of action for Employment. In India for candidates in the final year of graduation, it is not only difficult to understand the choices ahead that they have to choose from, but also HOW to be prepared for the choices they must make. They are likely to take up a Job Role that is available, rather than choose one that is a best-fit to their Personality if the candidate can demonstrate compatibility to the employer's business through the Personality Report, the chances of the employer get persuaded to hire them increases manifold.

The Employability Assessment also measures the following Workplace Competencies:

- Communication
- Comprehension
- Problem Solving
- Attention to Detail
- Situational Analysis
- Lateral Thinking
- Time Management

These are some of the most required competencies to perform optimally in one's job role. This gives the candidate the opportunity to identify, improve and enhance his competencies that are required to fit into the job role and secure a placement. Optimum performance leads to satisfaction, and increases the chances of the candidate's longevity in the organization.

edusharp has conducted employability assessments for 6000+ undergraduate students of the University of Mumbai affiliated Colleges across various streams. With over 6000+ assessments across 35+ colleges, we have submitted an Employability Research Report to Mumbai

University with suggestive steps on improving employability which was covered on the front page of Mumbai Mirror dated 24<sup>th</sup> June 2015.

Some of the colleges in Mumbai where we have conducted the employability assessments are Management VJRA Park (East), Kishinor Business School, PVA Institute of Management, Kishinor Business School, and many more.

We have recently become affiliated to RASCI - Retailers Association's Skill Council of India as a Skill's Assessment Partner. We are also in the process of getting affiliated with CRIACI - Govt and Jewellery Skill Council of India as an assessment partner.

The assessment is priced at INR 350/- per student.

Our research study conducted on employability with graduate students for Rajji Jivraj Study of Contemporary Study-Mumbai University is covered on first page of Mumbai Mirror on 24<sup>th</sup> June 2015.
