

Webinar on

Best Practices and Higher Education Institutes (HEIs)

June 16, 2020

Platform used: Google Meet

A Webinar was arranged on June 16, 2020 on **“Best Practices in HEIs”** for all Degree College and Junior College Faculty members of our college. The resource person was Dr. Shrihari Pingle, IQAC Coordinator, Sangamner College and one of the Founder members of the IQAC Cluster: India

The National Assessment and Accreditation Council (NAAC) in Criterion 7 on Institutional Values and Best Practices looks at the ethics, values, beliefs and the culture that makes up the ethos of the HEI. NAAC expects a report of two Best Practices that any HEI follows every year in its Annual Quality Assurance Report (AQAR) as well as in the Self-Study Report (SSR), while applying for accreditation. The Best Practices have a weightage of 30 out of the 100 for the criterion. Thus, it is important for any HEI to establish practices which reflect its vision, mission and become its unique distinctive feature. With this rationale, the webinar was organised.

Dr. Pingale emphasized that for any educational institute identifying the areas in academics and administration which need strengthening is the key to Best Practices. Once identified, proper planning and implementation of processes and monitoring is essential to get the desired outcome. At all stages recording the activity is vital. He said that any plan must follow the Plan-Do-Check-Act (PDCA) cycle to become result oriented and effective. Any practice that is reproducible and implementable by majority of the departments and benefits a large number of stakeholders can become a Best Practice.
